

# LEARN. DEVELOP. GROW.

Prudential's 10-week Actuarial Internship Program (AIP) will provide you with valuable learning experiences to help prepare you for a full-time Actuarial Associate role. Interns will be placed in unique actuarial assignments, located in our New Jersey or Connecticut offices. Recent Interns have experienced roles in Individual Life and Annuities, Retirement, Group Insurance, International Insurance, or Corporate Actuarial. Develop your leadership and technical skills through on-the-job learning and exposure to visualization and programming tools. Gain a deeper understanding of the actuarial profession through educational events held throughout the summer.
