2025 Fall Semester

presents a

First Things conversation

with

Magdalena Bermudez
Assistant Professor, Cinema
Amber (Amy) Churchill

Assistant Professor, Environmental Studies

Eliza Grames

Assistant Professor, Biological Sciences

Thursday 11 September 5:00 P.M. Anderson Center Reception Room

"First Things" are casual conversations about topics of shared interest in a warm, intimate setting. On Thursday 11 September we are gathering three scholars and creators to consider biodiversity and the relations of humans, plants, and other animals. Please join us for stimulating discussion over drinks and nibbles. All are welcome!
